Lochinvar’s Large Capacity gas models are available in 75 and 100 gallon capacities for residential and light commercial applications.

**STANDARD FEATURES**

- **Gas Control** – Accurate, dependable control system requires no electric connections. Fixed automatic gas shutoff device for added safety.
- **Glass-Lined Steel Tank** – The durable glass lining is fused to the steel tank at 1600°F to assure lasting protection against rust and corrosion while providing clear, clean hot water. 300 PSI test pressure; 150 PSI working pressure.
- **Non-CFC Foam Insulation** – A uniform coverage of thick closed-cell foam insulation minimizes standby heat loss and maximizes heat retention.
- **Tank Saver Anode** – A large diameter, high capacity anode inhibits corrosion of the tank interior for long, trouble-free service.
- **Temperature & Pressure Relief Valve** – Factory installed for optimum safety.
- **Brass Drain Valve** – An enhanced ball valve design for effective drainage and positive shut-off.
- **6 Year Limited Tank & Parts Warranty** – See warranty sheet for details.
- **10 Year Extended Warranty** – Factory assembled models available for residential applications only. When ordering, change “L” to “X” in the model number to indicate 10 year tank and 6 year parts warranty.

*1-year limited tank & parts warranty when installed in a commercial application.
Certified for Potable Water and Space Heating Applications
This water heater is suitable for water heating and space heating. Toxic chemicals, such as those used for boiler water treatment shall NEVER be introduced into this system. This water heater may NEVER be connected to any existing heating system or components previously used with non-potable water heating appliances.
